

Yosemite™ Collection

CLEARWATER™ RIGID CORE FLOORING

The Yosemite Collection features naturally inspired colors and textures. Clearwater™ technology means that this product is 100% waterproof and durable enough to take on life's daily spills and accidents. Yosemite installs quickly with its high-strength locking system and is made right here in the U.S.A.

Application GRADE LEVEL APPLICATION

FEATURES	BENEFITS
DISTINCTIVE DESIGN On-Trend collection features a range of designs in wide 7.87" x 60" planks.	Versatile range of colors with greater detail to perfectly replicate the natural look of hardwood. Wide planks means fewer seams and a more upscale design aesthetic. 16 unique pattern repeats per color.
CLEARWATER DIFFERENCE The Clearwater core construction eliminates air pockets, which improves the product hardness and provides extra protection from moisture.	100% waterproof protection. ⁽¹⁾ Provides dimensional stability for high traffic areas and increased impact resistance. ⁽²⁾
PERFORMANCE No crowning, cupping or wear layer delamination at high temperatures. ⁽³⁾	No acclimation required. Installs on any level, even in rooms with direct sunlight.
EXTRA PROTECTION Cleantivity™ Antimicrobial Protection.	Inhibits the growth of bacteria, mold and mildew.
