Throughout this document, references to "we", "us", "our", "AHF" or "AHF Products" mean AHF, LLC dba AHF Products. References to "you" or "your" mean the original retail purchaser/end user of the Rigid Core (SPC) or Luxury Vinyl Tile (LVT) flooring product. Your Rigid Core (SPC), LVT or VBT flooring product will be referenced as the "floor", "flooring", "product", "products" or some combination thereof. This Warranty specifically excludes sheet flooring products. The term "Limited Warranty" is singular but encompasses any and all coverages provided for herein.

WARRANTY OWNER

This Limited Warranty extends only to the original end-user. Our warranties are **NOT TRANSFERABLE**.

WHAT IS COVERED BY THIS LIMITED WARRANTY?

For residential installations, AHF warrants its regular (first quality) floor products, so long as the product is installed according to the installation instructions and the approved application listing, to be free from manufacturing defects as of the date of purchase and for the time period set forth below in the "Residential Vinyl Flooring Limited Warranty Periods" section of this document. *Please see the "Residential Vinyl Flooring Limited Warranty Periods" section to review the Limited Warranty Period for your specific brand/product.*

The flooring product:

- Will not contain manufacturing defects.
- Will not stain from common household stains or from the use of cleaning products designed for vinyl flooring.
- Will not permanently indent from normal household use.*
- Will not permanently stain from subfloor or underlayment panels as well as mold or mildew growth when installed over concrete**.
- Will not wear-through***.
- Will not rip, tear, or gouge from normal household use. Movement of large appliances/furniture require special care such as protection between vinyl and appliance/furniture.
- Permanently scuff from shoes.
- The edges of the flooring will not curl.

*Normal household use is defined as common daily activities in the home, excluding pet damage such as chewing, digging, clawing, etc. We recommend using floor protectors. As a general rule, the heavier the item, the wider the floor protectors should be.

**One time replacement. If this issue happens a second time, it demonstrates proper remediations were not taken to prevent the staining and AHF will no replace a second time.

***"Wear-through" is defined as wear and tear of the wear layer resulting in damage of the printed image due to normal household use.

5-YEAR LIMITED LIGHT COMMERCIAL WARRANTY

WHAT IS COVERED AND FOR HOW LONG?

For light commercial installations (example: common areas in multi-unit dwellings and low-traffic retail shops) the product is warranted to be free from manufacturing defects for 5 years from the date of purchase. If a defect covered by this warranty is reported to AHF Products in writing within 5 years of purchase, AHF Products will supply new material of the same or similar grade sufficient to repair or replace the defective material.

WHAT DOES 100% WATERPROOF MEAN?

When exposed to water, engineered stone tile flooring is waterproof and will not swell, buckle, or lose integrity. In the case of standing water or flooding, engineered stone tile flooring will not act as a waterproofing barrier for the subfloor and/or any surrounding structure. Any damage to the subfloor and/or surrounding structure that is caused by standing water or flooding is not covered by this warranty.

WHAT IS BOUNCE BACK CORE?

The "Bounce Back" core means that heavier, yet common household objects won't cause the product to permanently indent. (Think tables, couches, recliners, dressers, desks, beds, appliances, etc.).

WHAT IS NOT COVERED BY THIS LIMITED WARRANTY?

- Discoloration or staining caused by the use of rubber-back or latex mat or rug protectors.
- Damage caused by fire, flooding, exposure to standing water and/or intentional abuse.
- Fading, discoloration, and/or damage resulting from excessive temperatures or sunlight. Radiant heat systems should not exceed 85 degrees on the surface of the floor.
- Damage caused by moisture to surrounding structure, walls, subfloor, fixtures, furniture, underlayment, moldings, trims, subfloor heating elements, or anything that is not the structural integrity or dimensional stability of the floor.
- Damage resulting from mold and mildew growth due to prolonged exposure to moisture (except as indicated in the "What will AHF Products Do if Any of the Above Happens?" section herein). While moisture will not affect the structure of the vinyl, when excessive moisture accumulates (and in particular remains undiscovered or unaddressed) mold and/or mildew growth can occur.
- Flooring that is installed outdoors.
- Damage caused by vacuum cleaner beater bar, rolling caster wheels, and cutting from sharp objects. Rubber wheels should not be allowed to contact the vinyl as staining may occur. When vacuuming, use the wand attachment.
- Indentation or damage from improper loads including high heels; spiked shoes; rolling loads; and/or chairs or other furniture not having floor protectors.
- Damage caused by abuse such as moving appliances across the floor without adequate protection. To protect your floor from scuffing and tears when moving appliances or heavy furniture, lay a plywood panel on your floor and "walk" the item across it.
- Damage or staining resulting from the use of harsh chemicals including but not limited to stains and damage from paints, dyes, and other chemicals.
- Improper maintenance causing loss of gloss, scratching, and/or build-up of a dulling film.
- Minor color, shade or texture variations between samples or printed color photography and the actual material.

- Floors that are graded “irregular” or sold “as is” without warranty.
 - Floors installed with visible defects or defects seen before the installation.
 - Installation of residential products in a commercial environment.
 - Workmanship, as described below.
 - Damage resulting from improper installation.
 - Installation defects, including installations made (i) in violation of applicable state or local housing or building codes, or (ii) contrary to written instructions.
- NOTE: YOU AND YOUR INSTALLER ARE RESPONSIBLE FOR INSPECTING THE FLOORING PRIOR TO INSTALLATION. WE ACCEPT NO RESPONSIBILITY FOR LIABILITIES, CLAIMS OR EXPENSES, INCLUDING LABOR COSTS, WHERE FLOORING WITH VISIBLE DEFECTS HAS BEEN INSTALLED.

WORKMANSHIP

AHF does not warrant your or the installers' workmanship. However, it is highly recommended that your flooring be professionally installed by contractors who have demonstrated expertise in installing this type of flooring for residential use. Workmanship errors should be addressed to the contractor who installed the floor.

WHAT SHOULD YOU DO IF YOU HAVE A PROBLEM?

We want you to be happy with your AHF floor. If you're not, call your retail store. The retailer can answer your questions and, if necessary, start to process a claim. If you have further questions, please call us at 1-866-243-2726.

CLAIMS PROCESS

We work with distributors all over the country to make our products widely available. We sell our products to distributors and distributors sell our products to local retailers and contractors.

Steps to Filing a Claim:

1. Return to your retailer with your original proof of purchase.
 - a) If your floor was installed as part of a new home build, you may use your style selection sheet or your closing documents as your proof of purchase. If your retailer information is not included in these documents, contact your builder.
 - b) If your retailer is out of business, please call 1-866-243-7276 so we may assist you in finding a new retailer.
2. The claim will be evaluated.
 - a) Distribution Retailers: Your retailer will need to contact its distributor representative to get the claim filed. The retailer or distributor representative may inspect your flooring or request pictures or uninstalled samples showing the issue.
 - b) Lowe's, Home Depot, or Direct: Your retailer will need to call us directly to file the claim. At that time, your sales associate may request pictures or uninstalled samples. An inspection of the flooring in your home/facility may be required.
3. A claim determination is made.
 - a) Distribution Retailers: We will send the evaluation of the claim to your retailer's distributor, who will then share the results with your retailer. Your retailer should call you within 48 hours of receiving the determination to inform you of the decision.
 - (i) If your claim is approved, please work with your retailer to order new material and schedule the reinstallation, if applicable.
 - (ii) If your claim is not approved, you will receive a letter explaining why. You will also receive an inspection report if your home was inspected by a Technical Services Manager or a third-party inspector.
 - b) Lowe's, Home Depot, or Direct: The claim determination and any relevant inspection reports will be sent directly to your store. They should contact you within 48 hours to inform you of the decision.

Appealing your Claim Determination:

If you do not agree with your claim determination, please contact our Customer Advocates by calling 1-866-243-2726 and selecting the option for “Warranty”, or by emailing your concerns to customeradvocates@ahfproducts.com. We will go over any evaluation methods we have used in regards to your claim and determine if there is any additional evaluation needed.

PLEASE KEEP YOUR RECEIPT OR OBTAIN IT FROM THE ORIGINAL PURCHASER.

AHF Products requires the receipt in order to verify date and proof of purchase to resolve any problems that may occur.

CARE INSTRUCTIONS

To keep the lasting shine and fresh feel of your investment for as long as possible, we recommend that you:

Immediately after installation:

- When the installation is completed, please follow the installation instructions for maintaining temperatures thereafter.
 - Do not scrub or wash your floor for 72 hours.
- DO:**
- Wipe up spills as soon as possible. Never use highly abrasive scrubbing tools on any resilient floor.
 - Wash occasionally with a Resilient Floor Cleaner. *For residential installations, we recommend Armstrong Flooring Once 'n Done Floor cleaner.*

DON'T:

- Use detergents, abrasive cleaners or “mop and shine” products – they may leave a dull film on your floor.
- Use paste wax or solvent-based polishes.
- Use rolling casters as they can damage the floor.
- Use a beater bar when vacuuming because it can visibly damage the floor surface.
- Use highly abrasive scrubbing tools.

PROACTIVE PROTECTION FOR YOUR FLOOR:

- When moving appliances or heavy furniture, lay a plywood panel on your floor and “walk” the item across it; this will help protect your floor from scuffing and tears.
- Use floor protectors on furniture to reduce indentation. As a general rule, the heavier the item, the wider the floor protector needed.
- Place a walk-off mat at outside entrances to reduce the amount of dirt brought into your home. We do not recommend the use of rubber- or latex-backed mats (except where noted) because the chemical (antioxidant) they often contain can permanently stain your floor. We suggest an anti-staining vinyl-backed mat or a woven rug that is colorfast.
