## HEARTHSTONE™ | ENGINEERED STONE TILE

### Designed to Imitate Natural Beauty, While Retaining Warmth, Absorbing Sound, and Feeling More Forgiving to your Feet.

Hearthstone™ is the perfect choice over stone, ceramic, or porcelain. With a warm and inviting surface that is gentle on your feet, easy to care for, and quick to install, Hearthstone™ is the ideal choice for any room in your home.

- Available in two sizes, 12" x 24" and 16" x 16".
- Groutable engineered stone tiles offer a true tile look and feel and feature more than two times the unique visuals of similar products.

Visit [robbins.com](http://robbins.com) for more details.

- Unlike traditional tiles which have a hard, cold, unforgiving surface that can be uncomfortable to stand on, Hearthstone™ is warmer to the touch and features a softer underfoot. In rooms where you're on your feet the most — kitchens and bathrooms — you'll appreciate having a floor that's kinder on the feet.
- Enjoy a fast installation process with tiles that can be laid in just a single day, saving you time and money in the process.
